The Pied Wagtail is a year-round resident in the UK and is known for its cheerful appearance. They have black heads, throats, wings, and tails, with a clean white belly that contrasts strikingly against their black feathers. Their long, slender tail is constantly wagging, giving them their unique name.

You can often find Pied Wagtails near ponds, rivers, or urban areas with open spaces. They feed on insects and their larvae, as well as small invertebrates. These charming birds also have a melodious song that is sure to put a smile on your face.

## **The Graceful Black Swan**

While not native to England, the Black Swan is a sight to behold when spotted in the country's water bodies. With its elegant black plumage and striking white feathers speckled across its wings, this swan is a true beauty.

Black Swans are known for their graceful swimming and distinctiveness. They have a long neck and a red bill that adds to their allure. Originally from Australia, these birds are a popular sight in various parks and wetlands in England.

Aside from their captivating appearance, Black Swans are also known for their strong pair bonds. They often mate for life and can be seen swimming along with their partner in harmony. Spotting a pair of these magnificent birds gliding across the water is a breathtaking experience.

### **The Striking Great Spotted Woodpecker**

Another black and white bird that graces the English countryside is the Great Spotted Woodpecker. With its bold black and white plumage adorned with splashes of red on its belly and head, this woodpecker is a true marvel.

The Great Spotted Woodpecker is the most common and widespread of all the woodpeckers in England. They can be found in woodlands, parks, and even gardens. They have strong bills and sharp claws that allow them to expertly cling to tree trunks and excavate for insects using their chisel-like beaks.

These woodpeckers have a distinctive call characterized by a sharp "tik tik tik" sound. The combination of their striking appearance, acrobatic movements, and unique vocalization make them a favorite among bird enthusiasts.

### **The Adorable Black Guillemot**

When it comes to oceanic black and white birds, the Black Guillemot is a true gem. Also known as the Tystie, these seabirds can be found along rocky shorelines and coastal areas in the UK.

Black Guillemots have a distinctive black plumage with a clean white patch on their wings, as well as prominent red feet and a red mouth lining. Their stark coloring contrasts beautifully against the blue ocean, making them a delightful sight.

These adorable birds are well-adapted to their marine lifestyle. They are excellent divers and feed predominantly on fish and marine invertebrates. If you're lucky enough to spot a Black Guillemot, don't forget to watch their captivating underwater movements as they hunt for food.

### **The Enchanting Magpie**

A common visitor to gardens and suburban areas, the Magpie exudes an enchanting aura with its black and white feathers, long tail, and iridescent sheen. In folklore and superstitions, these birds were often associated with both good and bad luck.

The Magpie is known for its distinctive chatter and its remarkable intelligence. They are highly social birds, often seen in pairs or small groups. Their diet consists of a variety of food, including insects, small mammals, eggs, and even other birds.

Magpies are also renowned for their cunning nature. They are known to collect and hoard shiny objects, often stealing jewelry or small trinkets left unattended in gardens. Their mischievous behavior adds to their charm and makes them a subject of fascination for many.

The world of black and white birds in England is filled with wonder and charm. From the energetic Pied Wagtail to the graceful Black Swan, each species adds a unique element to the country's avian diversity.

If you ever find yourself captivated by the beauty of black and white birds, make sure to keep an eye out for these enchanting creatures. Whether you're exploring woodlands, coastal areas, or your own backyard, you may just stumble upon a sight that will leave you in awe.

So grab your binoculars, head outside, and let the world of black and white birds in England take your breath away!
