

Piper Alien Surrogate Agency: The Otherworldly Journey of Tasha Black

PIPER ALIEN SURR

She is being paid for sex and to give up her child. This is not surrogacy.

Piper was on her feet before she even knew she was going to stand.

"Miss Arquette, is everything alright?" Dr. Oppyx asked, her forehead furrowed with concern.

The holo-film had stopped automatically.

"Wh-what she just said," Piper slammed, "That made it sound like you expect us to... to..."

"Sexual relations are a necessary component to insemination for Maltaffians," Dr. Oppyx said gently.

"What in the world are you talking about?" Piper demanded. "I thought this was a medical clinic."

"It is," Dr. Oppyx said.

"Then why can't he just... produce a specimen for you?" Piper asked. "I've been through this procedure *many* times. It can be done in a lab. He doesn't even have to be there."

She signed up to give him an heir, but what he really wants is her heart.

Piper's infertility sent her childhood sweetheart into the arms of another woman. Now she's cashing in her credits at the local fertility clinic so she can do the traveling she's always dreamed of.

But when the clinic offers her a secret third option, she can't resist.

The plan? Act as a surrogate for an alien male, and have her own fertility restored in exchange.

The catch? She and the tall, dark and handsome alien will need to do it the old-fashioned way.

He's wealthy. She's poor. He's set in his ways. She longs to travel. The only thing the two agree on? They've both made a terrible mistake.

Their pact is simple - convince the staff of the Midsummer Center that they're trying their best. They'll go their separate ways when it's over.

All they have to do is manage not to fall for each other in the most romantic place in the known universe, where the admin, the staff, and the system's

most gifted AI are all working together to make falling in love (or at least in lust) completely irresistible.
