Ender Montrose definitely doesn't belong here.

In this club filled with college students and business people who are all half his age.

But he's still here.

Because of her.

Cat Schultz.

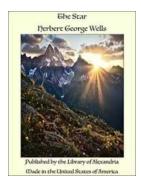

The bombshell vixen who stole his breath and his heart the first time that he looked at her.

He's old enough to be her father, but she calms those tortured thoughts in his head and he seems to calm the storm inside of her, too.

Will that be enough to convince her that he's the man for her, though?

Will pursuing Cat ruin everything? Or will he finally get the happily ever after that he's been dreaming about ever since he first laid eyes on her?
