

# Zodiac Keychain Set Plastic Canvas Pattern - Create Your Own Astrological Collection!

Are you looking for a fun and creative way to express your love for astrology? Look no further, as we have the perfect solution for you - the Zodiac Keychain Set Plastic Canvas Pattern! This pattern allows you to

create your very own astrological keychain collection, featuring all 12 zodiac signs.

## What Is Plastic Canvas?

Plastic canvas is a versatile and easy-to-use material that is perfect for creating all kinds of crafts, including keychains. It is a type of plastic grid, similar to cross-stitch fabric, with regularly spaced holes. With plastic canvas and the Zodiac Keychain Set Plastic Canvas Pattern, you can bring your favorite zodiac symbols to life.

This keychain set includes patterns for all 12 of the zodiac signs! Make them in all of your family and friends favorite colors! Everyone will love them and want one in their sign. Stitch this plastic canvas pattern using 7 count plastic canvas mesh, and medium weight yarn.

Plastic canvas is a variation of needlepoint and other canvas work crafts, such as embroidery. Our patterns are designed to use acrylic or wool based yarns in medium or worsted weights. Because plastic canvas mesh is so rigid, it is perfect for creating 3-dimensional objects such as tissue box covers, small jewelry and trinket boxes, handbags, magnets, dolls, vases, napkin holders, wind chimes and many other types of both decorative and useful items. Dancing Dolphin Patterns have full instructions, and large full color charts.

Plastic canvas comes in different colors and with various size holes for different thicknesses of yarn. As with any textile canvas, the hole size is called count. For example, 10-count plastic canvas mesh has 10 holes per linear inch. The most common sizes are 5, 7, 10, and 14 count. It is sold most often in sheets; pre-cut shapes are available in circles, triangles and novelty shapes such as butterflies, hearts, and stars. Our patterns are designed using 7 count plastic canvas mesh.
